

## This little piggy came from Wild Rose...

The Wild Rose Party Pig is a fun, portable package of draught beer for wherever you find yourself thirsting for delicious all-natural Wild Rose ales.

Containing 8.5 Litres (25 bottles) of Wild Rose beer, the Pig's patented (and cool) technology provides you with a perfect pour from start to finish.

Reusable and environmentally friendly, the Pig is perfect for your fridge at home, BBQs, road trips, or any time you and a few friends get together.

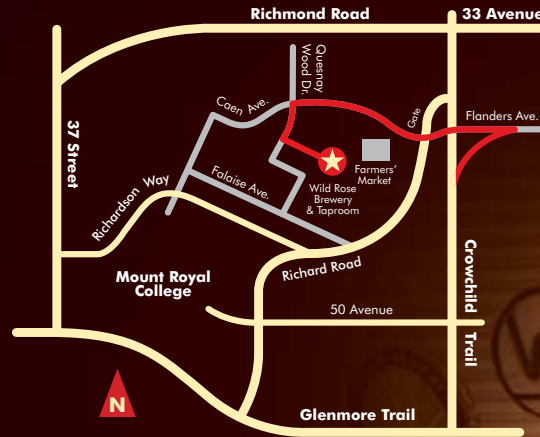

Come to our Taproom and we'll rustle one up faster than you can say, "Soooooeeeeee!" Or call ahead to place your order and we'll have your Pig ready to go. Join the Wild Rose "Adopt-a-Pig" program, and take one home today!

Though the Pig is rather cute, bottles of your favourite Wild Rose beverages are also available for your take-home enjoyment.

Just minutes from downtown, next to the popular Calgary Farmers' Market, the Wild Rose Brewery and Taproom is **open 7 days a week**

to introduce you and your friends to Alberta's best beers!

We're the reason it's called **Wild Rose Country**

We're the reason it's called **Wild Rose Country**

## Welcome to Wild Rose Country

Using only the highest quality ingredients, Wild Rose has been brewing its award-winning, all-natural brews since 1996

The Wild Rose Taproom is open daily from 11am, serving up the whole family of Wild Rose brews for your enjoyment. Come visit and explore the variety of beers Wild Rose has to offer.

### The Fab Four:

- Velvet Fog
- Wraspberry Ale
- Brown Ale
- Wild Rose IPA (India Pale Ale)

### Soon-to-be-favourites:

- Alberta Crude Oatmeal Stout
  - Wred Wheat
- S.O.B. (Special Old Bitter)
- Seasonal Brew (ask us!)

We also have a small selection of Canadian wines available. (if you're in to that).

## Great beer, great atmosphere

The only thing that'll make our beer taste better will be enjoying it in the finest Taproom in town. Have a seat and enjoy our "recycled-industrial" decor as you sip your favourite Wild Rose beer.

Enjoy handcrafted meals from our reasonably priced menu, and find out more about the world of beer from our knowledgeable staff in view of our 3000 Litre copper-clad brewhouse.

And what goes better with good ol' all-natural Alberta beer than some good ol' all-natural Alberta sunshine? Nothing. That's why we designed the Taproom to open up on those fabulous sunny days and why we had to have a west-facing patio. What makes it so great? Why, it's attached to the Wild Rose Brewery, of course.

**We're always in the mood to show off our great space and great beer, so contact us for tours, private parties and corporate functions.**
